California Proposition 65 Compliance Statement

California Proposition 65 refers to the California legislation that was intended to protect California citizens and the State's drinking water sources from chemicals known to cause cancer, birth defects or other reproductive harm, and to inform citizens about exposures to such chemicals.

Based on a complete review of our internal processes and confirmation from our suppliers where applicable, Sienna Technologies, Inc. products do not contain chemicals listed in California Proposition 65, therefore our products do not require California Proposition 65 warning labeling.

If you have any questions or concerns, please contact us immediately.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ender Savrun".

Ender Savrun, PhD

President
